

Product designer with 9 years in B2B SaaS, CRM systems, and admin interfaces. Focused on fintech CRMs, admin panels, and internal tools, with an emphasis on design systems and clear user flows.

Experience

Senior Product Designer — 01.tech

Jul 2025 – May 2026

- Designed features end-to-end: discovery, user flows, Figma specs, developer handoff
- Worked from a shared design system, requesting new components as project needs came up
- Proposed and refined project-specific tokens together with the design-system team
- Ran full Scrum ceremonies (sprint planning, daily standups, design reviews) with PMs and engineers
- Took every design through multi-stage sign-off: team lead, tech writers, business analysts, design-system team

Senior Product Designer — Proscom

Jan 2025 – Jul 2025

- Designed product features for an education platform end-to-end: discovery, user flows, Figma specs, developer handoff
- Designed interfaces for an investment product: onboarding, dashboards, key user flows
- Contributed to economics-focused projects handling sensitive, high-stakes data and workflows
- Partnered closely with the lead designer to keep design direction consistent across concurrent projects

Senior Product Designer — IREV

Oct 2019 – Jun 2024

- Created a unified design system for internal CRM platforms, replacing one-off styles with a shared component library
- Analyzed user behavior across platforms to find friction points and reshape workflows around how people actually worked
- Standardized UI components for consistency across product surfaces, cutting down on rebuilt screens
- Introduced Scrum ceremonies, including sprint planning and reviews, to bring more structure to the design process
- Rewrote project documentation, cutting back-and-forth in developer handoff

UX/UI Designer, Product Designer — qmobi

Aug 2017 – Apr 2018

UI Designer — Optionlift

Aug 2016 – Apr 2017

UX/UI Designer — Goodwork

May 2014 – Apr 2015

Graphic / Print Designer — inogroup

Nov 2011 – Feb 2012

Side Projects

Product Designer — QuestTick

questtick.com

- Designed and built QuestTick, a live altcoin pump monitor for crypto traders, full product cycle from concept to launch, using AI tools for prototyping and development
- Also built out a trading journal app with alerts, watchlist, and notes

Product Designer — Screela

app.screela.com

- Designed and built Screela, a Chrome extension for flow boards, using AI tools for prototyping and development

Product Designer — Fixlist

fixlist.dev

- Designed and built Fixlist, an analytics tool for landing pages and websites, using AI tools for prototyping and development
